

1. PRODUCT IDENTIFICATION

Product ID: Magla – Mr. Clean – Spunlace Nonwoven
Trade Name: None
Chemical Name: N/A
Chemical Family: N/A
Synonyms: None

2. MANUFACTURER INFORMATION

Manufacturer Name: Magla Products LLC
Address: 3636 Taylorsville Hwy, Statesville, NC 28625
Telephone Number: (704) 873-6384

3. MATERIAL COMPOSITION

The finished product is composed of cellulosic and polyester staple fibers, binder and other trace chemicals < 1.0%.

4. HAZARDS IDENTIFICATION

Emergency Overview

This product is generally considered not hazardous.

Potential Health Effects

•Skin irritability studies may be recommended depending on end use application.

•Burning this product may produce carbon monoxide, aldehydes, oxides of antimony, nitrogen and carbon monoxide. Carbon monoxide can cause carbon monoxide poisoning. Burning may also cause metal fume fever, ocular irritation, coughing, fatigue and vomiting. This product contains ethanol, which may cause adverse effects during pregnancy and birth defects depending on duration and level of exposure.

Carcinogenicity Information

No components >0.1% are listed by IARC, NTP, OSHA or ACGIH as a carcinogen.

5. FIRST AID MEASURES

Inhalation Resulting from the Burning of Fabric

Remove to fresh air and get medical attention. Smoke and fumes can be harmful and should not be inhaled.

Eyes

Dust and lint particles should be minimal. In case of emergency flush liberally with water

Skin

No problems reported under normal conditions.

Ingestion

Ingestion is highly unlikely.

6. FIRE AND EXPLOSION HAZARD DATA

Flammable Properties:	Material will burn when exposed to open flame. Dust accumulation could present a fire hazard.
Flashpoint:	N/A
Lower Explosion Limit:	N/A
Upper Explosion Limit:	N/A
Auto ignition Temperature:	Not Available
Hazardous Combustion Products:	Carbon monoxide, aldehydes, freshly produced antimony, nitrogen and sulfur oxides.
Special Firefighting Procedures:	An MSHA/NIOSH approved, pressure demand, self-contained breathing apparatus.
Extinguishing Media:	Water, CO ₂ , dry chemical or foam.

7. ACCIDENTAL RELEASE MEASURES

Safeguards

None required unless the product is involved in a fire. See Section 6.

Spill Clean Up

Dispose of according to Federal, State, and Local regulations.

8. HANDLING AND STORAGE

Store away from incompatible materials. See Section 11.

9. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering Controls

Ventilation: For minimization of dust particles.

Personal Protective Equipment

Eye Protection: Safety glasses with side shields

Skin Protection: None during normal handling.

Respiratory Protection: None during normal handling.

10. PHYSICAL AND CHEMICAL PROPERTIES

Odor:	Odorless	Form:	Roll
Vapor Density:	N/A	Melting Point:	478-500°F
Appearance:	Blue or Orange Nonwoven fabrics	Boiling Point:	N/A
Solubility in Water:	Insoluble		

11. STABILITY AND REACTIVITY

Chemical Stability

Stable under normal temperatures and pressures.

Conditions to Avoid

Temperatures above 440° F will cause decomposition in the presence of oxygen.

Incompatibility with Other Materials

Can react with strong oxidizers, bases, alkalis, acids and oxidizing agents.

Decomposition

Hazardous decomposition products are carbon dioxide, carbon monoxide, aldehydes, oxides of antimony, nitrogen and sulfur.

Polymerization

Polymerization will not occur.

12. TOXICOLOGICAL INFORMATION

Material is considered nontoxic.

13. ECOLOGICAL INFORMATION

Ecotoxicological Information: Material is considered nontoxic.

Product Fate Information: Will not degrade biologically.

14. WASTE DISPOSAL CONSIDERATIONS

This fabric (as supplied) is not a hazardous waste unless post chemical additions or other alteration change the status. Incinerate or landfill in accordance with federal, state, and local laws.

15. TRANSPORTATION INFORMATION (Shipping Information)

Department of Transportation (DOT):	Not regulated
International Civil Aviation Organization (ICAO) Classification:	Not regulated
International Maritime Dangerous Goods (IMDG) Classification:	Not regulated
TDG Class (Canada):	Not regulated

16. REGULATORY INFORMATION

U.S. Federal Regulations

•OSHA hazardous chemical according to 29 CFR 1910.1200:	Shipped this product is not hazardous.
•Toxic Substances Control Act (TSCS):	All components listed on inventory.
•Subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments and Reauthorization Act (SARA) of 1986 and 40 CFR Part 372:	No
•SARA Sections 311 and 312 hazard classification:	None

State Regulations

This product poses no significant risk to persons exposed during normal use as defined by the California Safe Water and Toxics Enforcement Act (Proposition 65).

To the best of our knowledge, the information contained herein is accurate. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards which exist.
